

Learn the language of the Data Center - this September in Sweden

DCPro is bringing its renowned 3 day Data Center Foundation Course, DCDA, to Sweden in September.

The DCDA course takes each sub-system associated with the data center and explains how they all couple together to make the whole.

The course is delivers genuine vocational content in a collaborative and interactive way.

3 day Data Center Design Course

5th - 7th of September, 2016 - Vivstavarv Center of Excellence in Sundsvall, Timra | Sweden

And that's not all! Immediately following on from the DCDA course is the [2 day Energy Efficiency Best Practice](#) course. Take both of these courses and achieve the Data Center Practitioner, DCP credential.
